

Holiday API

Provides:

This API provides public holiday data.

Key Provisioning:

- No keys required

Pain factor (*0=ezy...5=nightmare*): 

Quotas:

- None

The Good:

- Helpful examples in documentation
- Parameters are helpful and intuitive
- There are no restrictions

The Bad:

- The documentation could use some more examples
- Fewer options (like countries) than the other holiday APIs

The Ugly:

-
