Collected Knowledge & Wisdom on

Traffic

Provides:

This API provides information about traffic incidents, traffic markets, and traffic flow.

Key Provisioning:

Pain factor (*0=ezpz...5=nightmare*): **1**

- Must have an account to get a key
- Accounts can easily be attained by signing up
- Keys are specific to every account

Quotas:

- 15000 transactions/requests per month

The Good:

- Many requests can be made to the api
- Key never expires

The Bad:

- No demo key
- Images and incidents are separated

The Ugly:

- None so far.
